Date of Submission: 11-08-2025

DIGITAL BUSINESS CARD

Project Overview:

This project is a simple digital business card website created using HTML and CSS. It displays a profile image, name, a short description, contact information, and links to email, LinkedIn, and portfolio. The purpose is to present personal and professional details in a clean, easily accessible format.

Objectives:

- Design a single-page business card using HTML and CSS.

- Include personal details such as name, photo, contact info, and links.

- Apply basic styling and layout for a clean, professional look.

- Ensure the layout is centered and visually appealing.

Expected Outcomes:

- A fully functional digital business card web page.

- Ability to share contact information online with minimal effort.

- Practical experience in HTML structure and CSS styling.

Design Sections:

1. Profile Image

2. Name and Role

3. Description

4. Contact Information (Email, Phone)

5. Links (Email, LinkedIn, Portfolio)

6. Background image for visual appeal.
